

# Wall Door Retainer

MDH1405	Magnetic Door Holder 25/50kg Wall Mount
MDH1415	Magnetic Door Holder 100kg Wall Mount

The Fulleon range of door retainers are simple to install and robust. They are ideal for a wide range of applications, such as nursing homes, hospitals, schools and industrial premises, enabling doors to be held open under normal conditions but to automatically release in the event of a fire alarm activation.

## Features

- 24Vdc operation
- Retaining force from 40Kgf or 100Kgf
- Spring injector
- Push button release
- Robust diecast box
- Articulated door plate supplied with each unit

## Technical Specification

<b>Voltage</b>	24VDC
<b>Holding Force</b>	40Kgf / 390N 100Kgf / 980N
<b>Current</b>	40Kgf = 75mA 100Kgf = 100mA
<b>Temperature</b>	-10°C to +40°C
<b>Circuit Configuration</b>	Solenoid
<b>Connections</b>	Screw terminals
<b>Protection</b>	IP42
<b>Manual Release</b>	Yes
<b>Weight</b>	40Kgf = 0.84kg 100Kgf = 0.93kg
<b>Colour</b>	White box/Black facia

## Compatible Devices

<b>MDHREM</b>	Remote Door Release Button
